2024

Interaksi antara keteraturan dan kekacauan menciptakan improvisasi bebas yang tidak terduga.

Hal-hal bersifat liar dan berenergi justru sering lahir dari celah-celah labirin struktur yang ketat dan rapih.

Menjadi ritme baru dan penanda jaman bagi manusia

Inner path

Acrylic on Canvas
2024

Menggambarkan perjalanan batin. Garis berputar dan saling bertaut seperti petualangan mencari arah ditengah ketidak pastian dan situasi krisis. Sementara ditengah pergulatan dibakar oleh dorongan emosi dan ambisi. Jalan yang ditempuh tidak selalu jelas dan mudah, tapi pasti ada ujungnya

Selalu ada harapan, energi, dan vitalitas yang tetap bertahan meski berada dibawah bayangan. Karya ini mengajak kita untuk merenungkan dinamika antara terang dan gelap, kekuatan dan Kerentanan, serta apa yang tersembunyi dibawah permukaan

BERNANDI DESANDA (a.k.a Berbrain). I was born on 1996 in South Tangerang, Indonesia. I was graduated from Indonesian Institute of The Arts Yogyakarta majoring Bachelor Degree of Visual Communication Design, but I chose to focus on fine art (specially in painting) since 2015. I currently lived in Yogyakarta as a full time artist until now. My works lately focus on 2D paintings but I'm planing about to make 3D artwork in the future. I'm cooking my works at Studio Berbrain. Long story short about "Berbrain", Berbrain is actually a combination between 2 words : "Ber" that came from my first name (Ber) nandi and "Brain" means mind. So Berbrain means "Bernandi's mind" or "Bernandi's thoughts". My works created from whatever comes to my mind, especially the things I love.

In my arts journey, I explore a lot of style, this is happens due to the boredom that I felt while I am working. Slowly I shifted my painting style depending on what I wanted to tell in my paintings.

Detail for **The Fragment Of Luminous #1 - #3**

KADEK DIDIN JIROT (B. 1998, BALI, INDONESIA)

Didin Jiro't's artistic practice stems from his closeness to Balinese traditions which he then interprets into contemporary visuals. The use of stainless steel plate, brass, and automotive paint materials applied to his works, which present an arrangement of twisted, bent, and then recomposed plates to form abstract patterns, is rooted in Didin's observations and closeness to the activities of Balinese people in making offerings. in Balinese rituals. The use of materials and working methods that Didin has studied so far is an artistic approach that Didin uses metaphorically and abstractly in expressing closeness and statements to his cultural roots as a Balinese person in the development of contemporary culture.

Karya ini terbuat dari kertas buatan tangan yang memanfaatkan alam sebagai salah satu proses pembuatannya lalu ditransformasikan sebagai wujud visual atas jejak - jejak alam yang tercemin pada sebuah objek; pepohonan, bebatuan dan tanah.

Rakusui atau Rakusui-shi dalam Bahasa Inggris bermakna water dropping. Sebuah Teknik pembuatan kertas secara tradisional untuk membentuk pola dengan bantuan tekanan masa air yang diteteskan dalam waktu proses pencetakan, Karya ini diberikan judul yang sama dari makna tersebut.

Berakar dari tradisi dan didorong oleh eksperimen. Kendali pada karya ini sepenuhnya ada pada kualitas meditatif dan transformasi yang dihasilkan dari tetesan yang membentuk lubang - lubang berpola, tekstur dan materialitas.
