# CAMPUR SERIES

THE EGG THAT DOESN'T WANT TO BE ANYTHING  
BUT KEEPS ON EVOLVING

ARTWORK SHOWING BY **OGGZGOY**

Campur Series is a visual space created by **OGGZGOYZ**, filled with freeform shapes, clashing colors, and layered stories. At the heart of it all is one simple character: an egg. But not just any egg. It's not a symbol of birth or finality it represents a never-ending process, without a fixed destination. This egg grows wildly, changes form freely, and absorbs various elements with no boundaries. Sometimes funny, sometimes absurd, often hard to explain. Every work in this space is a fragment of the egg's journey—developing without direction, yet somehow finding its identity in the mess. Through these artworks, **OGGZGOYZ** builds a world that is raw and sincere. No fixed patterns, no rules. Just instinct, impulse, and the courage to blend everything into one complete expression. In a world that constantly tells us to “be something,” Campur Series celebrates the process of becoming no matter what form it takes.

## CREATION, CURATION, COLLECTION

Working together with artist, together we aim to change the perspective people have on art, and share it to the world. Museum of Toys houses a great collection of designer Toys from top local and international artists. Experience how the artists breathe their own artistic styles and influence into their toys. Discover how the street culture of hip-hop and skateboarding can translate into surreal creations of art and how they blend flawlessly into toys, It is art as you have never seen nor experienced before.

## ARTIST PARTICIPANT

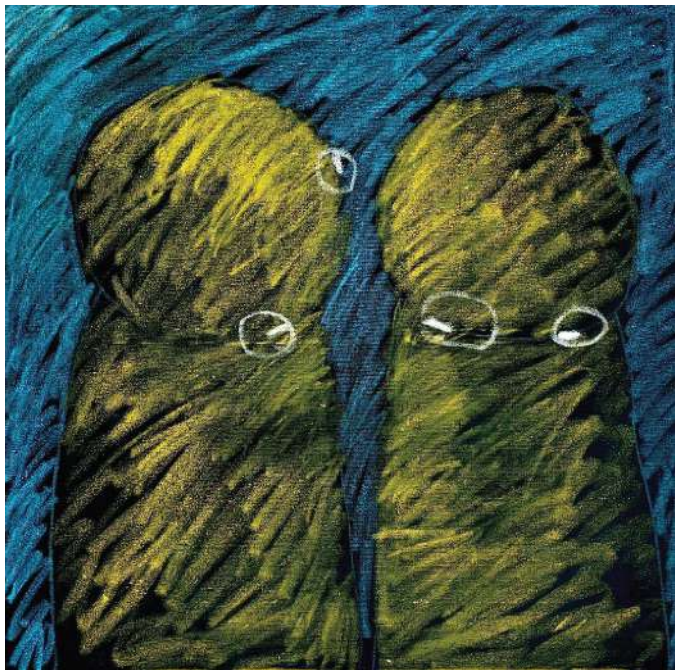

### OGGZGOY

Born in Jombang, East Java, in 1992. Studied at the Fine Arts Department, Painting Study Program (2014 -2021), Indonesian Art Institute (ISI), Yogyakarta. I now live in Yogyakarta to continue developing my work. In art I am not afraid to create works until I can leave a legacy for the rest of my life. In 2016 I focused on traveling on the streets and until now I'm enjoying it.

There are lots of interesting spaces out there that you can play with to make a masterpiece. Oggz Goy is interested in something unique and absurd." Testicle refers to something that in a tight place and is not free. Oggz Goy was finally interested in eternalizing by creating a character in a busy city with dirty, messy condition and in a tight space, which is very suitable for the testicular character.

#### Statement

No. longer say I want to create freely, if I wanted freedom I would probably choose to remain silent. (Crazy)
