Relationship

adalah sebuah kebutuhan yang sederhana sekaligus kompleks dalam kehidupan kita. Relasi menetapkan konteks, sudut pandang, dan tolak ukur antara diri dan sekitarnya.

Pameran ini menempatkan betapa pentingnya hubungan antara ROH, para seniman, para pelanggan, dan semua pihak yang telah mendukung kami selama ini. Bersama, kita adalah keluarga dan teman, yang melalui masa baik dan buruk bersama-sama, juga mitra untuk mengembangkan seni rupa kontemporer Indonesia bersama-sama, dengan cara yang berbeda.

Dari para seniman yang membuat karyanya dari dalam penjara, untuk menciptakan sesuatu yang konstruktif dari kondisi yang sepertinya buruk, seorang ayah yang bermaksud mencoba membantu anaknya menyelesaikan sebuah karya, dan malahan menemukan proses berkarya seni untuk dirinya sendiri, hingga seorang pelukis yang berhadapan dengan masa kanak-kanaknya dengan menciptakan sebuah dunia terpisah untuk melarikan diri pada sebuah kanvas, dan seorang seniman yang tidak dapat melihat pemisahan antara seni dan pengetahuan. Pameran ini merangkum beragam jenis praktek dan pemikiran mereka dan menghadirkannya dalam kaitan dan kontras satu sama lain melalui hal paling dasar yang mengikat hubungan kita: relationship.

Relationship

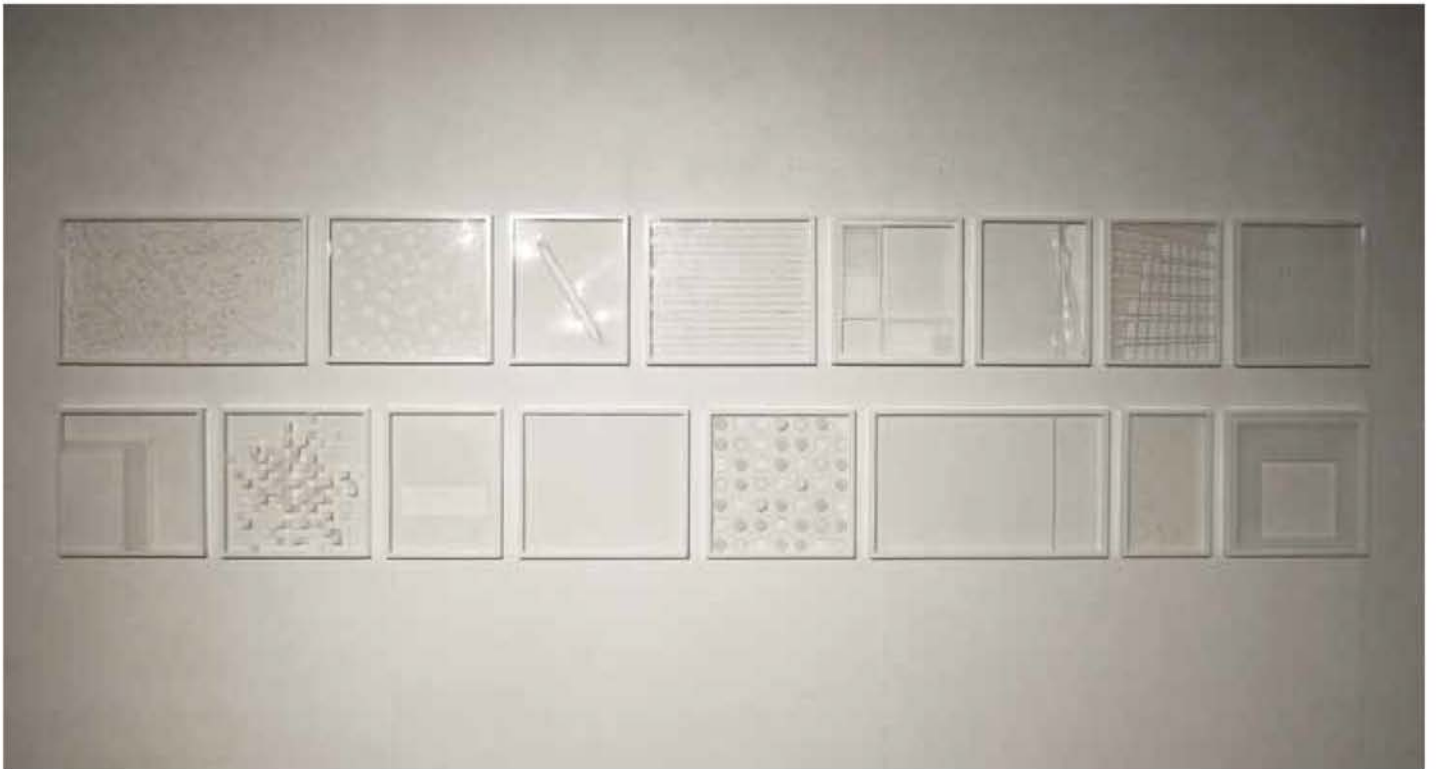

is at once a simple necessity as well as an inextricably complex component of our lives. It establishes context, perspective, and gauges between the self and its surroundings.

This show places an emphasis on the importance of authentic, tangible associations between ROH, our artists, our patrons, and all those who have supported us. We are simultaneously family and friends, we go through the good and bad together; we are also partners to develop Indonesian contemporary together and further in an unprecedented manner.

From artists in prison making works to create something constructive from what would conventionally be seen as negative circumstance, to a father attempting to help her daughter finish a work and in doing so discovered a revelatory artwork process of his own, to a painter dealing with his childhood through creating a separate world of escape on a canvas, and an artist who cannot see the separation between art and science, [#familyandfriends](#) encapsulates a diverse array of practices and thought and presents them in connection and contrast with each other through the most basic of things that binds us: relationship.
